

Progress Report
Kwantlen University College Student Association
General Election 2005

Issued 19 April 2005

The attached “Report of Eligible Candidates by Slate” is provided for your information and comments. The time to establish eligibility has ended for any candidates that have been notified that their eligibility is in issue – either through their campaign manager or directly. The numbers below reflect this ruling. I’m considering whether the ineligibility of a significant number of candidates of a given slate impacts the overall eligibility of the slate and if there is an impact, the remedy that is appropriate.

I am continuing to review candidate expenditures. More information concerning expense reports will be presented shortly.

I am also continuing to review the new communications received after 12 April. Comments have been received and I have asked that the comments be posted on line.

I expect to be able to report on the new communications shortly.

Thank you for your patience.
