Steve,

I am in the process of verifying all candidates eligibility and you are indeed a current student, however, the board of directors has submitted minutes of a general meeting of September 29 at which your membership rights, along with others, was revoked. I am unable to accept your nomination due to this information.

I am not able to get involved with the merits and/or legitimacy of this meeting. The Chair of the board, Aaron Takhar, provided me with this information, along with other documents, when I was first hired. I was hired to conduct a fair election with a given set of regulations and bylaws. I am unable to get involved in whats seems to be an ongoing disagreement.

If you wish please seek appeal of this matter through the appropriate route.

Thank you

Amar Randhawa
