**Life Long Dream:**

**Comments:** I'm not sexually perverted. I've never sexually harassed anyone. No complaints have ever been filed against me or Mr. Woo or Mr. Kovacic.

There were inappropriate comments and the three of us used to have the in-joke of groper and roper, etc. But never did any of us ever touch or grope or treat anyone with disrespect at anytime. This in-joke got taken out of hand though, and became a joke that spread throughout the KSA. And I took appropriate action to curb the inappropriate jokes at the KSA, as follows:

- The issue of inappropriate jokes by various KSA members was brought up at the July 22, 2005 meeting of the KSA's Board of Directors.

- The discussion on July 22 was followed up on by an e-mail sent out to all members of the KSA (including all elected officials, staff and volunteers);

- The e-mail was posted to the August 4, 2005 KSA Board of Directors Council Meeting Agenda:

[http://www.yourksa.ca/Meetings/Archives/Council/Council\\_05-](http://www.yourksa.ca/Meetings/Archives/Council/Council_05-)

08-05\_Agenda.pdf

- It was further brought up at Richmond Campus Council at meetings in September (not posted on the KSA site because no one has had access to the ability to post agendas and minutes since August, 2005). I plan on posting all minutes and agendas that I have that are not on my site in the near future, for people to see.

One member of Campus Council had continued displaying inappropriate behaviour and disrespect towards other members of Richmond Campus Council, and we had received formal complaints from students, in writing, about this member's actions. In response, after much deliberation and without prejudice, the Campus Council moved and passed a resolution to write this individual a formal letter outlining the issues and concerns with his actions and behaviours and the Campus Council directed me to speak with that member.

That member never improved his behaviour and is unfortunately still a member of the KSA and from what I have heard there have been further complaints about his behaviour and treatment of students since I was illegally removed from the KSA last fall.

Late last summer I also had each member of Richmond Campus Council complete a thorough employee satisfaction survey - to have them openly and honestly discuss how they felt about the KSA. I then met with each of them to review everything and we talked very openly and honestly about how things were being run, and all were satisfied with the direction things were going at that point in time, being August 2005. Unfortunately the one member who was later disciplined refused to take part in the survey and refused to meet with me.

And I'm not judging anyone - I'm simply displaying facts as I've seen them, and I'm very open and honest about my record and any past behaviour. The KSA has gone to hell in a handbasket, and is not doing anything for students. We had a full slate of events planned for last fall and this spring and all of that was ruined due to the highly inappropriate actions that some members in the KSA have engaged in - and not everyone has engaged in illegal activities, but the ones who didn't and who spoke out about fraud, etc. were kicked out of the KSA.

So unless you can unveil yourself and be brave enough to actually leave your name and contact information, along with some real proof of any allegations, then I suggest you not make comments like you did. There are liable and slander laws in this country.

Respectfully,

- Steve

**Comments:** "Over the past year, the KSA has seen alot of turmoil. I set this site up to keep kwantlen students informed about what is going on at their ksa. i mean no disrespect to anyone by posting this information, my only wish is to provide information to the student body and let them be the judge".....if that were true, you would not be so biased as to attack one group, without looking at yourself...not everyone has heard about mr lee, woo, and kavasiks pervert sexual nature, nor why they are known as "groper and roper" to a small collective group. ive heard plenty of girls speak about ur sexual harassment and overbearing nature that results in you touching women in an uncomfortable manner...ur a perv, grow up, and dont judge someone without judging yourself...

P.S. if you have any self-respect, you'll keep this message on your board for everyone to see....
