Hello everyone,

As promised at the June 24, 2005 Council Meeting, attached is the feature film license proposal that details all of the information the previous Council based their decision to amend the 2005 budget and acquire an ACF feature film license on.

I will print a number of copies for distribution at the next meeting of Council.

It is my sincere hope that we can have a license in place for an effective date range of September 1, 2005 until August 31, 2006.

Respectfully submitted,

- Steve Lee
