Subject : RE: Kwantlen University Student Health Plan

Hello Aaron,

The letters are not in order. However the dates help. Call if anything needs clarification. Seems to me Canada Life felt they had not gotten enough notice to cancel and had tried to ask for more money. We refused. That was the end of it. That being said the transition between carriers was flawless and we moved to Greenshield without any break in coverage.

It was later that we received notice from G&A regarding the lawsuit.
